Compassionate Care

By S. Pat Sabourin

This is a year of celebration for Bayley – 25 years of service! Bayley's mission is to provide a continuum of care for seniors in a Catholic/Christian-like environment. With the Sisters of Charity, Bayley staff strive to provide compassion and quality of life to those they serve. The mission is a part of the very fiber of everyday life at Bayley, and the mission statement is read at the beginning of each committee and board meeting, reminding members of why we do what we do and the way in which we do it.

Bayley staff strive to provide compassion and quality of life to those they serve.

All care/service at Bayley is relational. Management and staff strive to build loving relationships.

Relationships between staff and families

Staff members are attentive to family concerns. A family council has been formed, and a Family Education Night has been hosted on the topic of *Medical Orders for Life Sustaining Treatment*.

Relationships between staff and staff

Each year staff members nominate a fellow employee for the Annual Bayley Mission Award, an employee who is thought to best carry out the Bayley mission. Various employee fundraisers during the year provide resources that are available should a fellow employee suffer a crisis and need assistance.

Relationships between management and staff

Management strives to be transparent, providing education and preparation when new programs are introduced, employee forums during the year for all shifts in order to better communicate, and an outside objective consultant to ensure salary and benefits are just and changes are made where needed. This assures committed employees which leads to quality caregiving.

Relationships between Bayley and the Delhi community

Bayley has hosted an Open House, various educational health care programs, arts and other social programs for the local community.

Relationships between Bayley and other Senior Care Organizations

Through partnerships, shared services, and exchange of knowledge and experiences, working together with other Senior Care organizations best answers the needs and provides best practices for the Senior Care community. The organizations also collaborate to respond to and negotiate the changes resulting from new government regulations, both federal and state.

As a result of this relationship, Adrienne Walsh, CEO and president of Bayley, was awarded the 2015 American College of Healthcare Administrator's Distinguished Service Award by its Ohio Chapter. Adrienne has led Bayley through a tremendous transformation to be prepared for the changing landscape of consumer demands and shifting reimbursement that has challenged the Senior Care Industry in recent years.

Twenty-five years later, Bayley remains a continuation of the Sisters of Charity mission.
